Worth a try.

Functional Skills English

From September 2022 Wandsworth Council Lifelong Learning will offer Entry Level 1 and 2 Functional Skills courses.

These courses are ideal for new arrivals to the UK who want to develop their English skills or for those who have been out of education for a while and want to gain a recognised qualification.

These courses help to broaden your skills and confidence in three key areas:

- **Speaking and Listening**
- **Reading**
- **Writing**

These courses will be delivered face to face and will require you to attend two sessions a week for a term.

Register your interest via the QR code and we will contact you to arrange a meeting to discuss the course in more detail.

To find out more contact:
